VOTER PREREGISTRATION OF 16- AND 17-YEAR-OLDS

Under current law, only qualified electors may register to vote and vote in an election. A qualified elector is a U.S. citizen age 18 or older who has resided in an election district or ward for 28 consecutive days.

Under this bill, an individual who is age 16 or 17 but who is otherwise eligible to vote in Wisconsin may preregister to vote. An individual who preregisters under the bill may not vote in an election unless he or she is at least 18 years of age on election day.

VOTER REGISTRATION AT HIGH SCHOOLS

Prior to 2011 Wisconsin Act 240, state law required that all public high schools be used for voter registration for enrolled students and members of the high school

staff. Prior law also authorized voter registration to take place at a private high school or a tribal school that operates high school grades if requested by the principal. This bill reinstates those provisions.

Under the bill, the municipal clerk must notify the school board of each school district in which the municipality is located that high schools will be used for voter registration. The school board and the clerk then appoint at least one qualified voter at each high school to be a special school registration deputy. The bill allows students and staff to register at the school on any day that classes are regularly held. The deputies promptly forward the registration forms to the clerk and the clerk adds qualified voters to the registration list. The clerk may reject a registration form, but the clerk must notify the registrant and inform the registrant of the reason for being rejected. Under the bill, a form completed by an individual who will be 18 years of age before the next election and who is otherwise qualified to vote must be filed in such a way so that the individual is automatically registered to vote when the individual is 18.

Finally, the bill allows a principal of a private high school or tribal school that operates high school grades to request that the municipal clerk appoint a qualified voter at the school to be a special school registration deputy. Under the bill, the clerk must appoint a special school registration deputy if the clerk determines that the private high school or tribal school has a substantial number of students residing in the municipality.

PROVISION OF VOTER REGISTRATION INFORMATION TO HIGH SCHOOL STUDENTS

This bill requires each school board in Wisconsin to provide the following to each high school student in the school board's school district who becomes eligible to register to vote:
